Absence Management	Delivered notification for the Continue With section for Absence Requests with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
Absence Management	Delivered notification for the Continue With section for Leave Donations with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
Benefits Administration	Delivered the Benefit Savings Auto Enrollment and Auto Escalation feature that allows benefits administrators to auto enroll and escalate employee contributions to savings plans.	HCM 9.2 Update Image 51 (9.2.051)
Benefits Administration	Delivered the ability for benefits administrators to generate notifications for open enrollments and life events. The employees are notified by In-App and email alerts.	HCM 9.2 Update Image 51 (9.2.051)
Benefits Administration	Delivered the Benefit Savings Minimum Plan Contribution feature for Benefits Administration.	HCM 9.2 Update Image 51 (9.2.051)
Benefits Administration	Added the ability for Benefits administrators to control the display of the Add Individual button on the Dependent/Beneficiary Info page and where employees can update dependent/beneficiary information using Page and Field Configurator.	HCM 9.2 Update Image 52 (9.2.052)
Benefits Administration	Added the ability for Benefits administrators to send notifications to employees who made benefits elections but did not submit their enrollment.	HCM 9.2 Update Image 52 (9.2.052)
Benefits Administration	Enhanced the Benefits Plan Comparison page to enable employees to print or save their Benefits Enrollment Plan Comparison report.	HCM 9.2 Update Image 52 (9.2.052)
Benefits Administration	Enhanced the Preboarding feature to include Start My Enrollment button for Benefits Enrollment.	HCM 9.2 Update Image 52 (9.2.052)
Benefits Administration	Delivered notification for the Continue With section for Open Enrollments with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
Benefits Administration	Delivered notification for the Suggestions section for Open Enrollments with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
Candidate Gateway	Added the ability for recruiting administrators and recruiters to configure additional fields to capture applicant information on Job Offer page.	HCM 9.2 Update Image 51 (9.2.051)
Candidate Gateway	Increased the School Description field length in Recruiting Solutions.	HCM 9.2 Update Image 52 (9.2.052)
Candidate Gateway	Enhanced the My Job Applications page to allow applicants to filter and sort their job applications.	HCM 9.2 Update Image 52 (9.2.052)
General HCM Enhancements	Enhanced Page and Field Configurator to integrate with Notification Composer for the Change Tracking configuration type. This feature allows you to send notifications when users change information.	HCM 9.2 Update Image 51 (9.2.051)
General HCM Enhancements	Added the View Approval Status functionality to view transactions that are submitted by requesters, and transactions where you are an approver. This new page provides requesters easy access to track submitted transactions, which avoids complications when accessing various components to review the approval status. It provides approvers quick access to the transactions that have been approved or denied by them.	HCM 9.2 Update Image 52 (9.2.052)
General HCM Enhancements	Added Payroll Page Configurator that provides administrators the ability to set up or update display details (for example, instructional text, page information, images, section content and so on) for payroll pages easily through configuration.	HCM 9.2 Update Image 52 (9.2.052)
General HCM Enhancements	Added the Rush priority option for use in Fluid Approvals.	HCM 9.2 Update Image 52 (9.2.052)
General HCM Enhancements	Added the Enterprise Components Work Management Framework that allows you to view and manage exception transactions when they appear in the My Work: Exception section of a PeopleSoft WorkCenter. This optional framework provides additional actions, in addition to existing application-delivered actions, to track and clear exceptions when no system-based resolution exists. The exception transactions are placed into one of five different views:	HCM 9.2 Update Image 52 (9.2.052)
General HCM Enhancements	Active, All Assigned, All History, Assigned to Me, and Inactive.	HCM 9.2 Update Image 52 (9.2.052)
General HCM Enhancements	Delivered changes to Notification Composer for the Questionnaire Framework Configurable Trigger enhancement.	HCM 9.2 Update Image 52 (9.2.052)
General HCM Enhancements	Added the Application Generated event type in Questionnaire Framework that triggers the creation of questionnaires and notifies users in real time when transactions are saved.	HCM 9.2 Update Image 52 (9.2.052)
General HCM Enhancements	Enhanced the Activity Guide Composer template with a new Move Actions button, enabling administrators to reorganize steps efficiently in complex templates with numerous steps.	HCM 9.2 Update Image 53 (9.2.053)
General HCM Enhancements	Delivered the My Benefits section within the Benefits, Pay and Time Dashboard with the adoption of the PeopleTools 8.6.2 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)

General HCM Enhancements	Delivered the Human Resources section with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
General HCM Enhancements	Delivered the Benefits, Pay & Time dashboard with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
General HCM Enhancements	Delivered the Manage People and Jobs dashboard with the adoption of the PeopleTools 8.6.2 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
General HCM Enhancements	Delivered the Team section and corresponding Team dashboard with the adoption of the PeopleTools 8.6.2 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
General HCM Enhancements	Enhanced the Enterprise Components WorkCenter framework to enable insights dashboards to be embedded within My Work links in Fluid WorkCenter, allowing for direct and visual interaction with data on link pages. Dashboard filters are automatically applied to the My Work grid, providing administrators with the latest transaction data based on dashboard interactions	HCM 9.2 Update Image 53 (9.2.053)
General HCM Enhancements	Added the ability to enable Real Time Indexing (RTI) for Page and Field Configurator Change Tracking insights, allowing for near real-time updates to indexed data using PeopleTools search technology. This enhancement requires PeopleTools 8.62.	HCM 9.2 Update Image 53 (9.2.053)
General HCM Enhancements	Enhanced Page and Field Configurator with the ability to override application default values with a value that is determined on the Page Configuration page.	HCM 9.2 Update Image 53 (9.2.053)
General HCM Enhancements	Delivered Notification Publisher in Enterprise Components to enable publishing of ad hoc and scheduled notifications in PeopleSoft. Previously available as an HCM feature, HR Notifications has been rebranded and enhanced to support notifications for landing page sections such as Banner Announcement and Announcements. Message content can be sourced from Notification Composer and overridden as needed. Additionally, Notification Publisher supports recurring notifications, notifications with future posting dates, attachments, and more.	HCM 9.2 Update Image 53 (9.2.053)
General HCM Enhancements	Enhanced Notification Composer to generate navigation and content that displays on the landing page dynamically. This enhancement introduces the Homepage notification type that allows administrators to configure in-app notifications for dynamic sections such as Announcements, Suggestions, and Continue With. Additionally, a new notification source is available in Notification Composer to support publishing notifications using Notification Publisher.	HCM 9.2 Update Image 53 (9.2.053)
General HCM Enhancements	Delivered the Enterprise Components Landing Page framework to configure common sections for the My Home landing page. This feature requires PeopleTools 8.62.	HCM 9.2 Update Image 53 (9.2.053)
General HCM Enhancements	Added the Enterprise Components Administrator Notification feature to notify administrators when changes to setup data impact search definitions and the underlying setup tables do not have a Last Updated date time field. This feature ensures that administrators receive notifications through Notification Composer and can schedule a full reindex for impacted search definitions, thus maintaining accurate and up-to-date search functionality.	HCM 9.2 Update Image 53 (9.2.053)
General HCM Enhancements	Delivered tiles for Approvals and Delegation with the adoption of the PeopleTools 8.6.2 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
Global Payroll	Delivered Drop Zone functionality for Global Payroll pages, including Maintain Bank Accounts, Add Bank Information, Payee Assignment by Element, Element Assignment by Payee, One Time (Positive Input), Specify Net Pay Elections, and Add Deduction Recipients.	HCM 9.2 Update Image 51 (9.2.051)
Global Payroll	Delivered the fluid Global Payroll Formula Designer, which serves as a free-form editor that enables users to create and adjust formulas. This tool includes a Typeahead feature, which facilitates the selection of various element types, keywords, and functions during the formulation of new or the modification of existing formulas. Additionally, it permits the copying and pasting of formula text, presents multiple error messages upon validation if errors are present, and highlights the erroneous row when it is clicked. This tool is compatible with all Global Payroll country extensions.	HCM 9.2 Update Image 51 (9.2.051)
Global Payroll	Delivered the Global Payroll Rapid Calculation feature that facilitates the computation of payroll during the calculation phase from the configurable list of multiple components.	HCM 9.2 Update Image 51 (9.2.051)
Global Payroll for France	Delivered the functionality to import DSN response file (CRM) content into the application and examine the uploaded data.	HCM 9.2 Update Image 51 (9.2.051)
Global Payroll for Mexico	Added a new option at INFONAVIT Loans in Pay Groups MEX page according to the last Government publication.	HCM 9.2 Update Image 53 (9.2.053)
Human Resources	Delivered Drop Zone functionality for the Contract Data and Contract Type pages.	HCM 9.2 Update Image 51 (9.2.051)

Human Resources	Enhanced the Remote Worker feature to restrict Remote Work eligibility types by Job Code or Position. Added the ability to limit the days a person can go back and enter a retroactive request.	HCM 9.2 Update Image 51 (9.2.051)
Human Resources	Delivered keyword search page setup for the Incident Details component using Configurable Search.	HCM 9.2 Update Image 51 (9.2.051)
Human Resources	Delivered the Profile Management enhancement to allow the ordering of fields on the content detail page of profiles.	HCM 9.2 Update Image 51 (9.2.051)
Human Resources	Delivered the Approval Insights dashboard, which provides real-time visibility into approval requests. It enables managers to identify bottlenecks and prioritize urgent tasks, enhancing organizational efficiency.	HCM 9.2 Update Image 51 (9.2.051)
Human Resources	Enhanced the OnBoarding feature to provide a multi-participant activity guide template, which supports separate steps for the employee and manager.	HCM 9.2 Update Image 51 (9.2.051)
Human Resources	Enhanced the Contract Clause field length to accommodate additional identifiers.	HCM 9.2 Update Image 51 (9.2.051)
Human Resources	Enhanced the Life Events Insights dashboard to allow benefits administrators to clean up the employee's open life events.	HCM 9.2 Update Image 51 (9.2.051)
Human Resources	Delivered the Benefit Savings Minimum Plan Contribution feature for Base Benefits.	HCM 9.2 Update Image 51 (9.2.051)
Human Resources	Enhanced the Contract Data feature to increase the Contract Clause field to 10 characters.	HCM 9.2 Update Image 51 (9.2.051)
Human Resources	Added the ability for Benefits administrators to specify relationship types that can be added and updated for life events when setting up life event rules.	HCM 9.2 Update Image 52 (9.2.052)
Human Resources	Added new Employee Snapshot tiles for Remote Worker and Recognitions. Also delivered Career Snapshot, the employee version of Employee Snapshot.	HCM 9.2 Update Image 52 (9.2.052)
Human Resources	Added a setup option in Profile Management to hide inactive profile items in Fluid self-service.	HCM 9.2 Update Image 52 (9.2.052)
Human Resources	Delivered the ability for administrators to configure attachment limits on counts and size.	HCM 9.2 Update Image 52 (9.2.052)
Human Resources	Increased the School Description field length in Profile Management.	HCM 9.2 Update Image 52 (9.2.052)
Human Resources	Increased the School Description field length in US Federal HCM.	HCM 9.2 Update Image 52 (9.2.052)
Human Resources	Delivered notification for the Continue With section for Life Events with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
Human Resources	Delivered notifications for the Continue With and Suggestion sections for OnBoarding and PreBoarding with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
Human Resources	Delivered notifications for the Continue With section for Report Incident with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
Human Resources	Adopted the PeopleTools 8.62 Landing Page feature. HCM delivers a sample landing page with configurable sections (both dynamic and content reference-based), notification-based tiles, and security controls for tile access. This single landing page leverages the new styling capabilities, giving full control over the look and feel of homepage, dashboard, section, and tile objects in the application, using CSS. You can use this sample landing page as delivered or use it as a starting point to build your own landing page in PeopleSoft.	HCM 9.2 Update Image 53 (9.2.053)
Human Resources	Modified the label of Company Directory section with the adoption of the PeopleTools 8.6.2 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
Human Resources	Delivered notification for the Continue With section for Remote Worker Requests with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
Human Resources	Added the ability for managers and administrators to view insights visualizations during approval when working with Remote Worker requests.	HCM 9.2 Update Image 53 (9.2.053)
Human Resources	Delivered the HR Service Center tile for employees to access the HR Service Center dashboard in CRM with the adoption of the PeopleTools 8.6.2 PeopleSoft Landing Page feature. Integration with CRM is required.	HCM 9.2 Update Image 53 (9.2.053)
Human Resources	Delivered Fluid Person Data for Federal agencies, with tiles to add and modify person data and a US Federal government section for regional tracking.	HCM 9.2 Update Image 53 (9.2.053)
Payroll for North America	Delivered the Maine Paid Family and Medical Leave program effective January 1, 2025, with configuration in the Program Funding Configuration to calculate employee and employer payroll taxes.	HCM 9.2 Update Image 51 (9.2.051)
Payroll for North America	Enhanced the U.S. wage statements - paychecks and advices - in the Tax Data section to reflect the federal, state, and local tax data detail from the Update Employee Tax Data table.	HCM 9.2 Update Image 51 (9.2.051)
Payroll for North America	Delivered the Delaware Paid Family and Medical Leave program effective Jan 01, 2025, with configuration in the Program Funding Configuration to calculate employee and employer payroll taxes.	HCM 9.2 Update Image 51 (9.2.051)

Payroll for North America	Added new quarterly report to support Metropolitan Commuter Transportation Mobility Tax (MCTMT) reporting requirements for New York (MTA-305).	HCM 9.2 Update Image 51 (9.2.051)
Payroll for North America	Added new quarterly report to support Maine Paid Family and Medical Leave wage reporting requirements effective the first quarter of 2025.	HCM 9.2 Update Image 52 (9.2.052)
Payroll for North America	Delivered Paycheck Modeler in Fluid to provide employees a modern and intuitive user interface to simulate paychecks with their what-if scenarios. This feature includes redesigned pages and accessibility enhancements, streamlining the paycheck modeling process on all form factors.	HCM 9.2 Update Image 52 (9.2.052)
Payroll for North America	Delivered keyword search page setup for Update By Paysheet and Update By Payline components using Configurable Search.	HCM 9.2 Update Image 52 (9.2.052)
Payroll for North America	Added new quarterly report to support Delaware Paid Family and Medical Leave wage reporting requirements effective the first quarter of 2025.	HCM 9.2 Update Image 52 (9.2.052)
Payroll for North America	Delivered the Minnesota Paid Family and Medical Leave program effective January 1, 2026, with configuration in the Program Funding Configuration to calculate employee and employer payroll taxes.	HCM 9.2 Update Image 53 (9.2.053)
Payroll for North America	Delivered U.S. Paycheck Modeler in Fluid for administrators to simulate employee paychecks.	HCM 9.2 Update Image 53 (9.2.053)
Payroll for North America	Delivered configuration scripts to support the conversion of Connecticut, Washington D.C., Massachusetts, and Washington paid benefit programs from traditional calculation to the Program Funding Configuration framework, effective January 1, 2026.	HCM 9.2 Update Image 53 (9.2.053)
Payroll for North America	Delivered the Social Housing Tax program, effective January 1, 2025, to calculate employer payroll taxes required by the City of Seattle, Washington.	HCM 9.2 Update Image 53 (9.2.053)
Talent Acquisition Manager	Delivered Recruiting Solution changes for CONTRACT_CLAUSE field length increment in HR. Delivered automated incremental indexing for Recruiting Solutions indexes (HC_HRS_JOB_OPENING, HC_HRS_JOB_POSTING, HC_HRS_APPLICANT, HC_HRS_RECRUITER_RCMNT_ALL, and HC_HRS_RCMNT_ALL). This allows near real-time updates to indexed data.	HCM 9.2 Update Image 51 (9.2.051)
Talent Acquisition Manager	Added Recruiting Solutions section for Landing page and new Recruiting Dashboard.	HCM 9.2 Update Image 53 (9.2.053)
Talent Acquisition Manager	Delivered notifications for the Continue With section for Drafted Offers with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
Talent Acquisition Manager	Delivered notification for the Suggestions section for Posted Offer with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
Talent Acquisition Manager	Delivered notification for the Continue With section for Applications Drafted by Internal Applicants with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
Talent Acquisition Manager	Adopted the Enterprise Components Administrator Notification feature in Recruiting Solutions for the following search definitions: HC_HRS_JOB_POSTING, HC_HRS_RCMNT_ALL, HC_HRS_RECRUITER_RCMNT_ALL, and HC_HRS_APP_INDEX. This feature notifies administrators when data changes occur in setup tables that do not have a Last Updated date time field and impacted search definitions need to be reindexed to stay current.	HCM 9.2 Update Image 53 (9.2.053)
Talent Acquisition Manager	Delivered notifications for the Continue With section for Drafted Job Openings with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
Time and Labor	Enhanced the Punch timesheet to include an ESS Bulk Delete option, along with modifications to the user interface for the Add and Delete buttons on the button bar.	HCM 9.2 Update Image 51 (9.2.051)
Time and Labor	Added the change mode feature for administrators to change the mode directly on the Manage Time Reporter Data page, eliminating the need to return to the Search page.	HCM 9.2 Update Image 52 (9.2.052)
Time and Labor	Enhanced the Quick Fill feature, which enables the administrators to control the availability of quick fill options for time reporters according to their qualifications. Administrators can effortlessly add or remove these options, ensuring that time reporters have access only to the relevant values.	HCM 9.2 Update Image 52 (9.2.052)
Time and Labor	Delivered the Time and Attendance section with the adoption of the PeopleTools 8.6.2 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
Time and Labor	Delivered notification for the Suggestions section for Timesheets with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
Time and Labor	Delivered notification for the Continue With section for Timesheets with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
Time and Labor	Delivered the Administer Time and Absence dashboard with the adoption of the PeopleTools 8.6.2 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
eBenefits	Enhanced the ACA Consent Reset page to allow administrators to reset ACA consent status by file and group build.	HCM 9.2 Update Image 51 (9.2.051)

ePerformance	Added the ability to configure inline instructional text display at the section level for ePerformance documents	HCM 9.2 Update Image 51 (9.2.051)
ePerformance	Enhanced the Team Document Insights and Team Performance Insights dashboards to provide the ability to filter document data by team manager that includes all reports or only direct reports.	HCM 9.2 Update Image 51 (9.2.051)
ePerformance	Added the Exclude Ratings from Calculation feature in Fluid ePerformance to provide managers the ability to exclude item and sub-item ratings from the calculation of overall ratings for documents.	HCM 9.2 Update Image 52 (9.2.052)
ePerformance	Added a setup option in Fluid ePerformance to control the display of documents on list pages by document type.	HCM 9.2 Update Image 52 (9.2.052)
ePerformance	Enhanced the Performance Notes feature in Fluid for managers and employees to create and manage notes for team members and themselves respectively.	HCM 9.2 Update Image 52 (9.2.052)
ePerformance	Delivered notifications for the Continue With section for Performance Review with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
eProfile	Delivered the Personal Details dashboard with the adoption of the PeopleTools 8.6.2 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
eProfile	Delivered notification for the Suggestions section for I-9 Form with the adoption of the PeopleTools 8.62 PeopleSoft Landing Page feature.	HCM 9.2 Update Image 53 (9.2.053)
eProfile Manager Desktop	Granted the final approver edit access for the Clone Position transaction in Guided Self Service.	HCM 9.2 Update Image 52 (9.2.052)
